PRESIDENT'S NOTE

During the last year, I have heard from a couple of members that they have tried to reach me by telephone, either when they were in the area or for information. I missed the member passing through our area. Recently, a member from South Carolina called the Chamber of Commerce who gave him the telephone numbers of some stamp dealers in our area. The first dealer he called was able to provide my telephone number so he did reach me. However, it is not my intent to make it difficult and I would be interested in meeting the membership or hearing from them by telephone. For future reference, our telephone is listed under my husband, Leroy P. Collins and it is 804-420-3487. I do work full-time so evenings are the best time to call.

I must say I was very intrigued with the ingenuity of our member from S.C. in tracking me down.

POSTCARD CORNER

1903 Clan Tartan card produced by W & A.K. Johnston & Co. Edinburgh. It depicts the Clan MacNaughton Tartan, Arms, Badge and Slogan of the Clan. The interesting point of the card is the figure of Old Tom Morris in the background playing a golf shot, with caddie behind.

THE WORLD CUP

CANADA CUP

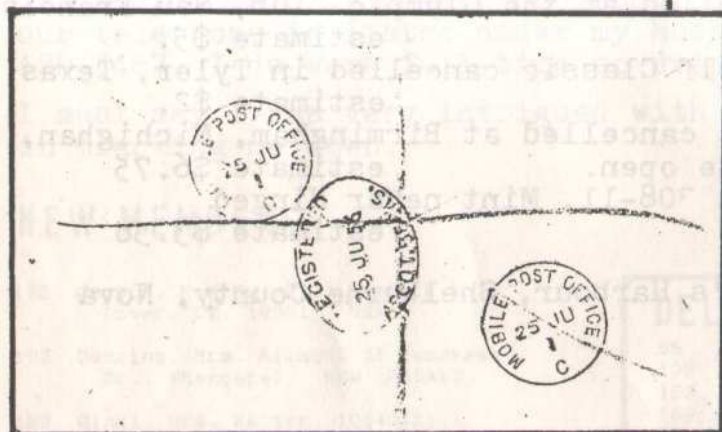

by Stuart R. MacKenzie

The World Cup formerly The Canada Cup, was the idea of John Jay Hopkins. They were inaugurated in 1953 with the first team match for the 'Canada Cup' - they were designated to foster improvement of International relations to further good fellowship and understanding between countries of the world.

I was lucky enough to attend the 1956 event at Wentworth while stationed at Aldershot - giving the Scottish team of John Panton & Eric Brown some support and knowing them, being members of the West of Scotland Alliance which I played in during the winter months.

Since its inception in 1953 - only 'seven' special cancellations and two stamps have been issued to commemorate the event - some of the early marks being very scarce indeed. The following illustrations show all of these post marks and stamps - four of which are on specially prepared covers.

1956 Wentworth - Mobile Post Office single circle datestamp used. Note code letter, but dated on back.

Team Winners - U.S.A.
Individual Winner - Ben Hogan

1960 Portmarnock - Skeleton date stamp used during the event with dates 22nd - 24th known.

UNITED STATES POSTAL SERVICE CANCELLATIONS 1988

by Cora Collins

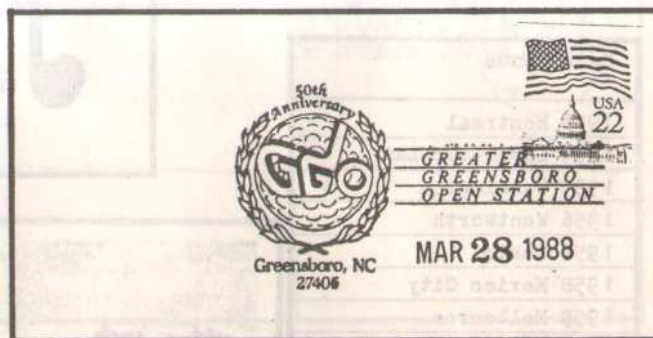

Each year the US Postal Service makes cancellations available for special events upon request. The cancellations are requested through the local post office which will be providing the postal facilities at the site and must be submitted for approval 90 days prior to the event. Designs are usually drawn double the size needed and then will be reduced 50% by the postal agency preparing the canceller. A visit to the local postmaster would be a good starting point in getting the cancellation approved, that individual should be able to provide the requirements.

Announcements of the cancellations are made by Linns Stamp News and through where to write for the cancellations, dates of use and date by which request must be made. Individuals prepare their own covers with stamps, mail them to the given address along with a SASE for return of covers. The cancellations are generally only announced a few weeks prior to the event so it is not possible to publicize them in TEE TIME early enough to obtain them.

During calendar year - 1988 the following golf related cancellations were available. If anyone knows of other cancellations, please send me photocopy and dates available so our list can be updated.

SWEDISH SPECIAL EVENT POSTMARKS - GOLF

by Olle Bandh

In Sweden golf now is the fastest growing sport. Among the 8.4 million inhabitants are 200,000 members of a golf club, and new golf courses are built rapidly. As Sweden is rather sparsely populated, we have a lot of space for golf courses. The only problem is the winter. In the southern part of the country you can play 8-10 months a year, but in the north the season is short, 5-6 months. On the other hand the light nights there allow golf almost throughout the twenty four hours.

The great interest has not yet led to a Swedish golf stamp, but eight special event postmarks can be introduced to you:

1. 1969, Tylosand. World Golf Championships for members of Rotary, played on the course Trlosand outside the west-coast town of Halmstad. Tylosand is considered to be the best golf course in Sweden.
2. 1979, Goteborg (Gothenburg). Thematic stamp exhibition "Ball sport" at exhibition hall "Post-Expo".
3. 1981, Linköping. Scandinavian Open, one of the professional tournaments on the European Tour. Winner: Seve Ballesteros.
4. 1981, Amal. Swedish Amateur Championships at Forsbacka Golf Club.
5. 1981, Vallentuna. Inauguration of the golf course "Ulna". The postmark shows the third hole, par 3, with the green built on a small island.
6. 1982, Linköping. 10th Scandinavian Open. Winner: Bob Byman.
7. 1983, Akersberga. Scandinavian Open at Ullna (see No. 5). Winner: Sam Torrance.
8. 1983, Bara. 20th anniversary of the golf club "Bokskogen" (The beech woods) outside the City Malmö. Club-emblem.

FÉDÉRATION FRANÇAISE DE GOLF

Aux origines du golf, la légende salue Guillaume le Conquérant, qui introduisit en Angleterre notre ancien jeu de «mail», et la tradition trouve des bergers écossais qui se délassaient en frappant avec des bâtons des pierres calibrées. Des documents montrent des étudiants du XV^e siècle, usant de cannes et de balles spéciales; nous connaissons les règles de leur Royal and Ancient Golf Club of Saint-Andrews qui, publiées en 1754, se sont répandues à travers le monde entier. Le «parcours» de golf est jalonné de 18 trous, distants de 100 à 500 mètres. Ce sont les objectifs du joueur, qui doit les atteindre à la suite, en marquant le moins possible de «coups» de son «club», sur 7,km de «marche en terrain varié». Il serait donc injuste de prétendre que le golf n'est pas un sport, sous prétexte qu'il est pratiqué jusqu'à un âge avancé. L'intéressé doit, pour cela, être exempt de toute infirmité, robuste et résistant, physiquement et moralement équilibré. Ajoutons qu'un niveau de compétition un peu élevé exige une musculature complète, entretenue par un entraînement constant, qui développe souplesse, vigueur et précision, «self control», faculté de concentration et maîtrise de soi. D'Angleterre, où il était couramment pratiqué dès le XVIII^e siècle, le golf se répandit largement aux Etats-Unis, où ses compétitions soulèvent l'enthousiasme des foules. C'est enfin le tourisme britannique qui l'implanta en France au siècle dernier, dans le voisinage de ses villégiatures préférées, au Pays Basque et sur la Côte d'Azur. La vogue de l'«anglomanie» fit longtemps considérer le golf comme une distraction coûteuse, réservée aux milieux fermés d'une aristocratie; mais tout a commencé de changer avec l'évolution des mœurs au lendemain de la dernière guerre. En France, depuis 1945, le nombre des terrains est passé de 62 à 145, et l'effectif des licenciés a plus que décuplé dans le même temps, de 4000 alors à près de 45000 aujourd'hui. La Fédération Française est en effet d'accord avec les plus hautes instances ministérielles, pour aller dans le sens d'une démocratisation de ce sport; le moyen est la «municipalisation» de terrains nouveaux, implantés au voisinage des cités moyennes et maintenant des villes nouvelles. Ces extensions d'espaces verts, harmonisant les équipements de sports et de loisirs, sont conseillées techniquement par la Fédération, et soutenues par la DATAR (Délégation à l'aménagement du territoire et à l'action régionale). C'est dire qu'elles rejoignent les préoccupations les plus actuelles, sauvegarde de la nature, protection de l'environnement et amélioration de la qualité de la vie.
