MEMBERSHIP DIRECTORY

Plans are underway to publish a membership directory as of June 30, 1994. The directory will be mailed out as dues are received. This makes it possible to send the membership card as a receipt in the same mailing at no additional cost. The earlier you remit your dues, the earlier you will receive the directory.

The directory will consist of an alphabetical list of names and addresses plus country lists consisting of names only.

To help defray the costs of printing and postage, we are offering our member/dealers a business card size ad for \$10.00 (2" x 3 1/2"). Anyone interested in placing an ad, please submit your business card with a check made out to IPGS. Please do not submit copy other than a business card as I am not able to provide other copy and it would only increase our printing costs.

Ads will not be solicited for this purpose. It will be up to our dealer/members to respond to this notice if they desire an ad in the membership directory. The money and business card should be sent to Cora B. Collins, P.O. Box 2183, Norfolk, VA 23501 USA. The cutoff for ads is June 1, 1994.

SCOTTISH PHILATELIC SECRETARIAT GOLF CARDS

The SPS was formed in 1968 to promote Scotland's culture and tradition by issuing or assisting in the issue of vignettes. At that time it was felt that Scotland was being ignored, by the Post Office in particular (some still do). The first issue was to celebrate the 8th Centenary of the friendship between Scotland and France known as the "Auld Alliance". The designer was a gentleman known to us all as the Editor of Tee Time!

The SPS was taken over by the ALBA Stamp Group in 1976 who continued the production of vignettes and, in one case, a special cover honouring 'Paraffin' Young used in conjunction with the UK Energy issue of 1978. Also, early in 1978 a proposal was put forward by the Group as a result of an enquiry from St Andrews to issue 4 postcards. Black and white drawings, two of which are of golf interest, were prepared by a well-known Glasgow artist, Gordon Rennie. The matter was not pursued but a limited number of cards were prepared based on the two designs pertaining to golf. Later, some were privately overprinted in green for the 1978 Open at St Andrews. In 1984 a number had the overprint date altered so that they could be used during that St Andrews Open. A very few of the unoverprinted cards were utilised for the 1979 Colgate-Palmolive Championships (again St Andrews).

Needless to say, all these items are now scarce!

The ALBA Group has ceased all production of vignettes and cards since 1978 although they continued to sell the stock for many years. None of the items produced apart from those mentioned related to golf.

INCREASED POSTAL RATES

Due to a steep increase last November in the Air Mail Printed Matter rate overseas TEE TIME was posted 'Surface' mail. Unfortunately this can take up to six weeks to reach its destination and also go missing in transit. Members will be given a choice when the subscriptions go out with the June issue whether they would like to pay for Air Mail or retain surface mail. The extra cost will be \$3 - which will cover the increase for Air Mail rate.

FRENCH FLAMME CANCELLATIONS

by Georges
Jeanneau

I am delighted to publish the first part of an article on the French Flamme cancellations. Earlier last year I asked Georges Jeanneau if he would prepare this article for TEE TIME.

They have been set out in chronological order commencing with No 570 being the numbers taken from the specialized catalogue of the marks. Varieties such as cancels in the Standard position i.e. box with the legend to the right of the dater, errors and inks will be dealt with in an appendix when the article is completed.

SOME GOLFING ODDMENTS and ODDITIES 2

by Graham Winters

I have always been interested in cards printed on the reverse for golf club A.G.M.s and the like, and have managed to find some from the most unusual places, one of these being the Royal Bangkok Golf Club in Thailand (see Illus. 5) Perhaps the best of my unusual items connected with golf is a Zeppelin flight cover to The Gambia (Illus. 6) Only three Zeppelin flights called at Gambia on their way to South America, and all tied-up at the mast at the Faraja Club, Bathurts Golf Club.

ROYAL BANGKOK GOLF CLUB.

Sir,

It is proposed to order from home a selection of Clubs, and should there be any you require, and wish ordered for you, I shall be obliged if you will write and let me know what they are before 14th instant, on which date the order will be sent home,

Yours Faithfully,

NORMAN PRENTICE,

Hon. Sec. & Treas. R.B.G.C.

BANGKOK, 10TH JUNE, 1905.

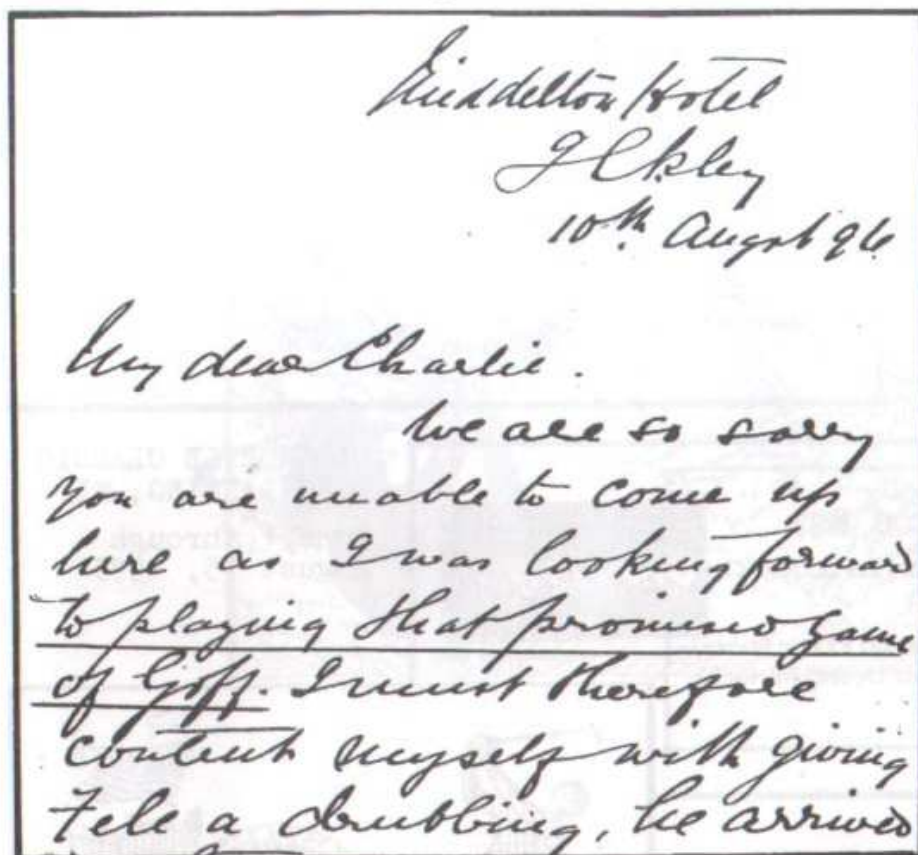

Illus. 6

Finally, my two most recent acquisitions range from the sublime to the ridiculous: The first, a letter to South Africa in 1896 which mentions playing golf at Ilkley. The letter is taxed for double deficiency upon arrival at Cape Town as it was over-weight, containing two different letters (Illus. 7) The second I don't quite believe at present, but a friend has written confirmation of this...apparently! It is a picture postcard of the Chien-Men Gate in Peking which for a time was used in the 1920's as a clubhouse for the golf course which had been built outside. As I say, I am waiting the conformation with interest (Illus.8)

In conclusion, I hope that members have enjoyed looking at these bits and pieces from my collection. If so, why not write Stuart with some favourite items from your collection, I'm sure that he will be delighted to include them in the journal.

GOLF TOURNAMENT LUNDY

1990

by Stuart MacKenzie

The Lundy A&N Golf Club was founded in 1980. The course being officially opened in 1927 was abandoned at the end of the 1928 season (see page 336 'The Lundy Golf Course' extract taken from the book 'Lundy' by A and M Langham, 1984)

The open competition is held every five years, and was first played over the course in 1985, but no covers were produced for the event. The 1990 Championship took place and covers were produced as illustrated below.

Members and any Visitors who happen to be visiting the Island can take part in the Championship. The format is a 'Foursome' but, with one club, the lowest score being returned are the winners. From information given by Mr R.E. Allen of the Lundy Study Circle, about 40 members and visitors took part in 1990. Approximately 40 odd covers were produced and sold to members and visitors who in turn posted them from Lundy.

The filler for the covers is re-produced on the next page and as you can see, a very light hearted competition if you read the local rules!

The Lundy A&N Golf Club Founded 1980

The club exists to promote the study and playing of the most subtle of sports, scoring the native population and visitors to the island. The open competition is held on the old course every five years while friendly games are held on all the courses on an irregular and informal basis. The AGM is held whenever and wherever a quorum of members gather in convivial surroundings within the confines of the western hemisphere. Member guests for members of the committee are requested to arrive with their beer bills. Details of membership can be obtained with great difficulty from any committee member while in the vicinity of the Marston Tavern, any alcohol purchased for committee members can be released as green fees.

APPENDIX F

The Lundy Golf Course

The fascinating story of the Lundy golf course was fully told by Mr F. W. Gade in the third issue of the *Lundy Review* (1958). In 1960, thirty-two years after the course had been abandoned, Mr Gade was still able to trace the following details of it, shown on the accompanying map. The nine-hole course was laid out on the site known as Acland's Moor, immediately north of the Old Light and on the western side of the plateau.

Hole 1. Tee near Old Light. Ladies' tee about 50 ft due north.

Green : the 'arrow banks' of the green are curved westerly and are obvious, with stones on top. They are a little east of a stream.

Hole 2. Tee 75 ft south-west of 'arrow banks'; 10 ft west of a path.

Green : about 40 yd east-south-east of telegraph pole 30.

Hole 3. Tee about 40 yd almost due east of telegraph pole 30.

Green : about 75 yd south of high pond, on edge of bracken.

Hole 4. Tee 25 yd south-east of third green.

Green : slightly raised, circular, 20 yd to south-east.

Hole 5. Tee about 20 yd due north of fourth green, by Quarter Wall and very clearly marked.

Green : 90 yd due east in angle of wall.

Hole 6. Tee in line between fifth green and Old Light, about 40-50 yd from fifth green.

Green : 15 yd due west of broken wall—overgrown by bracken.

Hole 7. Tee approximately 50 yd due north of rubble, near a wall which runs north.

Green : near aircraft ditch and hump.

Hole 8. Tee 75 yd north-east of 'arrow banks'.

Green : unmarked but, by character of land probably 75 yd due north of ninth tee.

Hole 9. Tee also unmarked but probably 75 yd north of Lighthouse Field Wall, 10 yd west of north-running wall. Ground very flat.

Green : raised, obvious, near old hut at Old Light.

'Bogey' for the course was 36. Bunkers were to have been created later but never materialised. The course was officially opened on 31 July 1927 but abandoned at the end of the 1928 season. The first and only greenkeeper-professional was Mr Ivor Llewellyn.
